

# ITALIANO *for you*

## The Eternal City, Amalfi Coast and Capri

This ten-day tour offers some of Italy's most spectacular sites. The tour starts in the "Eternal City". With a private local guide we explore some of the most famous and interesting sites in the city. And then we head south to

the breathtaking Amalfi coast.

We stay in the beautiful village of Positano and visiting many of the other jewels such as Ravello, and Amalfi. We do more than see the sights; we discover how local products are made, like the beautiful ceramics,

fabulous Mozzarella di Bufala and scrumptious limoncello. We enjoy the area by land: we hike the coastline from far above the sea and explore the hillside villages that are adorned by bougainvillea and wisteria.

One day we take a private boat excursion from the coast to the island of Capri. This is the most famous of the islands in the area, and has been a tourist destination forever – in fact it was a holiday destination for Roman Emperors – and continues to be for celebrity today. We enjoy the jaw-dropping beautiful scenery: wild flowers, fragrant lemon groves, vineyards, seaside wonders, etc.

On our way back to Rome we explore and learn all about the infamous village of Pompeii. We have a private guide who

brings the village back to life through stories and descriptions. After experiencing Pompeii we will head to the Hilton hotel at the Rome airport, facilitating your departure.

The hotels in Rome, Positano and Capri are boutique hotels offering all the amenities and more than what you would hope for in a hotel. Join us to experience this amazing area!

**COSTS:** 4975 Euro/person for groups of 8-14 (single supplement 1000 Euro). This covers land costs (not airfare), including hotels, transportation, activities and most meals. See detailed daily itinerary below (final itinerary subject to slight changes).
