

SICILIA

Sicily is a land of extremes and contrasts, a magnification of all things Italian. The island offers it all: 3,000 years of historic, architectural and gastronomic delights, volcanoes that light up the night skies, mountain ranges and a coastline that is spectacular. The island is a vast open-air museum, a testament to nearly every Mediterranean civilization of the past. Our tour will start in Palermo.

We visit the highlights of the city, enjoy a private tour of a palace

and see other hidden secrets – all the experiences to give us the true flavor of the history and traditions of Sicily. After a couple of nights in Palermo we make our way toward Marsala visiting some of the sites of ancient traditions, including a tuna fishery, salt pans, and the village of Erice perched 700 meters above sea level.

Our next stop is a luxury resort which offers breath-taking views of the Valley of the Temples. We will visit the temples with a local expert guide and also have time to enjoy the amenities of the resort's spa. Sicilian baroque and wine are the next stop. We will spend a couple of nights in a Relais in the Noto Valley. While here, we will enjoy the famous Baroque villages of the eastern side of the island, along with the world-class wineries.

Our last stop will be to the town that many consider the jewel of Sicily: Taormina. Perfectly perched on a rocky promontory high above the sea, Taormina has been the most popular tourist destination in Sicily for a couple of hundred of years. In addition to the Greek theater, beautifully restored medieval buildings, and breathtaking views around every corner it has a lively network of

winding streets filled with shops, bars and restaurants. Taormina's past is Sicily's history in a microcosm: Greeks, Romans, Byzantines, Arabs, Normans, Carthaginians, the French and the Spanish all *veni, vidi e vinci* (came, saw, conquered) and left. During the three-nights stay we will spend a day on Mount Etna with a local geologist and enjoy Etna's wines.
