

TUSCANY + ITALIAN RIVIERA

Join us for a unique 9-day trip to Tuscany and the Ligurian coast to enjoy experiences that only natives can provide! We will spend the first three nights at a seaside villag. We will then make our way to theFirenze for the last five nights. While there, we will explore the fine Renaissance city, as well as the surrounding areas, including the Chianti area.

During our three days on the coast, we will enjoy hikes along the coast, visits to small villages, a private boat ride along the coast and more! Next, we will make our way to Firenze, the heart of the Renaissance. We will enjoy art, literature, science, music, food and wine through insightful tours of museums and other hidden treasures that most tours do not offer. We witness all of this by taking leisurely walking tours, sneaking into a couple of churches, and other monuments, tasting gelato and vino along the way! The beauty of Tuscany is also its surrounding areas. During our tour we will visit nearby highlights such as Chianti and other hillside villages. Each of these day excursions will offer culinary delights: wines, extra virgin olive oil, cured meats, aged pecorino cheese accompanied by breath-taking views.

Throughout the week there will be free time so you may explore, discover, shop, or just relax at an outdoor cafe.
